

This ENERGY STAR qualified product uses the latest energy-saving technology, which means you're helping to preserve our environment for future generations. And for that, we're mighty grateful.

In addition to electronics, more than 35 product categories feature the ENERGY STAR, and the list continues to grow. For more information, visit [www.energystar.gov](http://www.energystar.gov).

**Last year alone, ENERGY STAR saved enough energy to power 10 million homes at peak time.**

Products that earn the ENERGY STAR prevent greenhouse gas emissions by meeting strict energy efficiency guidelines set by the U.S. Environmental Protection Agency and the Department of Energy. [www.energystar.gov](http://www.energystar.gov)
